

A Toolbox for Building Better Relationships

"Why can't I get my kid to understand that I want what's best for him? Does he know the sacrifices I make to be sure he has what he needs? This parenting thing is **HARD!** He has **NO IDEA** of the dangers out there that I am trying to protect him against!"

"It doesn't matter what I do, I'll never be good enough. All they do is yell and nag. They seriously don't understand what it's like to be me. They have no idea what I deal with on the daily. They don't get what it's like to be a kid in 2017!"

Does this sound familiar? Nothing worth building is easy, including parent and child relationships. Parenting didn't come with an owner's manual and neither did becoming a teenager! Join us for this parent and child workshop to learn how to **build a better relationship** between kids and the adults that love them.

*** A FREE parent and child workshop for 4th-8th grade students***
